Sir,

Adverting to Government Proceedings No 7255-7/Ml 319-~~18~~ 13 dated 17th May 1917, approving of the classification of Municipalities in the Bangalore District under the scheme for the development of Local Self Government in Mysore, I have the honor to report that draft Notifications proposing the constitution of Hoskote, Tyamagondlu, Kankanhalli, Magadi, Sarjapur, Nelamangala, Sulibele, Yelahanka, Dommasandra the marginally noted towns as minor Municipalities were duly published both in English and Kanarese in the Mysore Gazette as required under section 8 (1) of the Municipal Regulation, and wide publicity was also given to them in the respective local areas As the period mentioned in the proclamations for sending in objections has expired long ago, and as no objections have been received against the proposal in respect of all towns, with the exception of Dommasandra Union in Anekal Taluk, I request that -- Government may be pleased to sanction the constitution of the Local areas in question as permanent Municipalities under the Regulation As regards Dommasandra Union, two petitions have been received - one in favour of the proposal and the other against it - and the latter contains numerically more signatures than the former, and the Amildar of the Taluk is of opinion that the town is not of much importance in the Taluk The petitions themselves, which are enclosed in original, do not indicate the state of public feeling correctly, as a few persons have signed both of them

2. With reference to the conversion of the marginally noted Unions

Submits proclamations and sketches with regard to towns and unions to be converted into minor municipalities

Check & put up early

Unions into Municipalities, I beg to submit that personally, I am not in favour of the proposal, as local conditions, as far as I could judge, do not warrant such a change In the first place, there are not competent men on the spot who can fill up the position of President and the appointment of -- officers who do not reside at the places do not benefit the towns to any marked extent Secondly, trade in these places is not developed so as to raise sufficient income therefrom, enough to answer local needs In short, it will be to the advantage of these towns to continue as Village Panchayats under the general control of the District Board, rather than become isolated as Municipalities with their small income frittered away on separate costly establishments After all, the change is only nominal In the Madras Presidency, more populous towns are successfully administered as Unions only If this view of the case commends itself to Government, I re-request that the proposal to convert these Unions into Municipalities, may be ordered to lie over for the present

3 Four spare copies of the draft proclamation(both in English and Kanarese)together with a sketch of each of the local areas prepared to be constituted as Municipalities are enclosed
